

## **SCHOOL YARD SAFETY**

With the warmer weather, there are more families walking to and from school each day. We respectfully ask that parents remain outside the school yard at all times. To ensure the safety of our students, adults are asked to wait for children in the following locations:

- a) At the yellow gate, outside the school yard
- b) Along the stone wall. It's a nice place to sit and wait for the students.
- c) At the end of the Peace Path, where it opens into the school yard.
- d) Along any fence, outside the school yard.

You will notice the school staff, who are supervising the school yard in a safety vest. Students can arrive after 8:40 a.m. when supervision begins. Everyone goes directly home after school.

Thank you for keeping all dogs on leashes and outside our school yard.
